

SPEAKER NAILS HONORS IN THE BATTING LIST

(By Associated Press.)
CLEVELAND, Sept. 22.—In the American league, although Cleveland made 15 hits, including three triples off Walter Johnson, the latter was very effective with men on bases and the 15th inning was reached before Cleveland won, 3 to 2. Sensational fielding by Grane, who caught two men at the plate and one at second base, prevented Washington from winning. Speaker cinched the batting honors of the league by making four hits in six times at bat.

(By Associated Press.)
DETROIT, Sept. 22.—Boston made a clean sweep of the series with Detroit, winning 10 to 2. Jennings used four pitchers, but none was effective except Dubuc, who pitched the last inning. The result of the series assures Boston the American league pennant apparently, as they have only one more series to play before the last seven games at home. Walker hit a home run in the first inning with one man on base. In the fourth he tripled, scoring Ruth and Janverin, who had been passed. Hits in the fourth by Crawford, Hellman and Stange enabled Detroit to score two runs.

(By Associated Press.)
ST. LOUIS, Sept. 22.—New York beat St. Louis 5 to 4. Magee singled, Hendrix tripled, scoring Magee and scoring himself when Peckinpaugh singled in the ninth. St. Louis threatened to tie the score in their half, but failed to make good. Gedeon sprained his left ankle in the fourth and retired.

(By Associated Press.)
CHICAGO, Sept. 22.—Chicago failed to keep pace with the world's champions and dropped the final game of the season with Philadelphia, 8 to 6. The locals now are 2½ games behind the league leaders.

Joe Bush was in fine form, and with the aid of good support by his teammates held Chicago to five scattered hits. Philadelphia, on the other hand, had little difficulty bunching hits off Faber and Williams and won easily. Catcher Lynn had a finger hurt by a foul tip and had to retire from the game. Wilbur Gray, catcher of the Wichita club of the Western league, whom Chicago obtained in the draft at Cincinnati, reported to Manager Rowland today.

(By Associated Press.)
PHILADELPHIA, Sept. 22.—In the National series Pittsburgh knocked Rixey off the rubber and easily defeated Philadelphia, 8 to 3. Carey

scored four of the visitors' runs and stole three bases.

(By Associated Press.)
NEW YORK, Sept. 22.—New York won its 16th straight victory, defeating Chicago four to nothing. Peritt permitted six hits in the first three innings, but the Cubs could not score. After that one Chicago player got a base in the sixth inning. The Giants made their hits off Hendrix.

(By Associated Press.)
BROOKLYN, Sept. 22.—The Brooklyn bunched three singles, two doubles and a triple off Lotz in the fifth inning and won the second game of the St. Louis series, 6 to 3. Coombs started for the league leaders, but was reached for a double and two singles in the first inning. After Smith had led off the second with a single, Cheney was sent out on the mound and he blanked the Cardinals, striking out nine.

(By Associated Press.)
BOSTON, Sept. 22.—Heavy, consistent and timely hitting resulted in another victory for Cincinnati over Boston, 5 to 4. Griffith led at the bat with a triple and three singles in five times up, driving in three of the five runs.

TARIFF CHANGES ARE NECESSARY TO MEET TRADE CONDITIONS

(By Associated Press.)
NEW YORK, Sept. 22.—Greater elasticity in the country's tariff system is necessary to meet trade conditions that will arise at the close of the European war, according to a report submitted to the national foreign trade council by a committee which has investigated the foreign trade aspect of the tariff.

Calling attention to the readjustment of the tariff relations at the close of the conflict and the possibility that present belligerents will seek reciprocal tariff concessions from one and another and from neutrals, the committee's report continues:

"All European nations will, with peace, have a large market to offer and may be expected to yield it only for opportunities to extend or to protect from discrimination their foreign trade. The United States is normally the best customer of the United Kingdom and is one of the most profitable markets for France, Germany and all the other belligerents.

"With the exception of the United Kingdom, all the belligerents have, in their tariff systems, ample resources for negotiations for tariff advantages and for retaliation against discrimination.

"The foregoing circumstances show the necessity for greater elasticity than now obtains in the tariff system. It is obvious that the United States should have some method of adjusting the tariff to new conditions created by political or commercial changes on the part of our competitors and our customers, without resorting to a general revision. The creation of the tariff commission should contribute to this end."

The National Foreign Trade Council held its third annual meeting today, with James A. Farrell, president of the United States corporation, presiding.

Mr. Farrell urged a friendly readjustment of commercial relations by the United States and European nations without resort to trade wars.

After reading the committee's report, the council adopted a resolution declaring that in view of the threatened change, by commercial treaties and tariff regulations in foreign trade after the war, the council bring to the attention of the president.

dent, Congress and the tariff commission, when organized, "the necessity that the American tariff system shall possess adequate resources for the encouragement of the foreign trade of the United States by commercial treaties or agreements or executive concessions within defined limits and its protection from undue discrimination in the markets of the world."

It was further resolved that the council should continue its investigation of the effect of European economic alliances upon the foreign trade of the United States and make a report thereon to the president, Congress or the tariff commission.
